

Coauthor e-mail request template

Bonded-template DEM reveals strength- and topology-dependent fracture-event sequences in packed brittle ceramic pebbles

Suggested e-mail subject

请补充 CPM 投稿作者邮箱 / Author e-mail confirmation for CPM submission

Chinese version

各位老师、同学好，

Li4SiO4 bonded-template DEM 颗粒破碎论文准备转投 Computational Particle Mechanics。投稿系统可能要求填写每位作者的邮箱地址。当前稿件中通讯作者邮箱已经确认：Jian Wang, wjfttt@mail.ustc.edu.cn。

请下面几位作者各自提供一个投稿系统使用的机构邮箱，或确认可以使用的常用学术邮箱：

- Siyu Wang
- Hang Zhang
- Ming-Zhun Lei
- Wei Wen
- Qi-Gang Wu
- Gang Shen
- Haishun Deng

我另外查到四条公开候选邮箱，仅供本人确认，不会在未确认前直接填入投稿系统：

- Ming-Zhun Lei: leimz@ipp.ac.cn（请雷明准老师确认该邮箱是否可用于投稿系统）
- Wei Wen: wenwei@ipp.ac.cn（请文伟老师确认该邮箱是否可用于投稿系统）
- Gang Shen: shenganghit@163.com（请沈刚老师确认该邮箱是否可用于投稿系统）
- Haishun Deng: 269469122@qq.com（请邓海顺老师确认该邮箱是否可用于投稿系统）

同时请确认作者顺序、单位和贡献描述没有问题。如需查看当前记录，可参考随附的 author e-mail completion sheet。

谢谢！

Jian Wang

English version

Dear coauthors,

We are preparing the Li₄SiO₄ bonded-template DEM manuscript for submission to Computational Particle Mechanics. The online submission system may require an e-mail address for every author. The corresponding author e-mail has been confirmed as Jian Wang, wjfttt@mail.ustc.edu.cn.

Please provide one institutional or preferred academic e-mail address for the following authors:

- Siyu Wang
- Hang Zhang
- Ming-Zhun Lei
- Wei Wen
- Qi-Gang Wu
- Gang Shen
- Haishun Deng

Four public candidate e-mail records have been found for confirmation only. They will not be entered into the submission system before author confirmation:

- Ming-Zhun Lei: leimz@ipp.ac.cn (Please confirm whether this e-mail may be used in the submission system.)
- Wei Wen: wenwei@ipp.ac.cn (Please confirm whether this e-mail may be used in the submission system.)
- Gang Shen: shenganghit@163.com (Please confirm whether this e-mail may be used in the submission system.)
- Haishun Deng: 269469122@qq.com (Please confirm whether this e-mail may be used in the submission system.)

Please also confirm that the author order, affiliations and contribution descriptions are correct. The current author e-mail completion sheet is attached for reference.

Best regards,

Jian Wang
